TC #	TS#	Test Design/ Steps	Input Data/Test Data	Expected Result
TC001	TS014	1.Launch Browser 2.Enter url 3.Enter valid username 4.Enter valid password 5.Click on login button	url username password	Login should be successful & Search hotel Page should be displayed
TC002	TS014	1.Launch Browser 2.Enter url 3.Enter invalid username 4.Enter invalid password 5.Click on login button	url username password	Error message should be displayed
TC003	TS014	1.Launch Browser 2.Enter url 3.Enter invalid username 4.Enter valid password 5.Click on login button	url username password	Error message should be displayed
TC004	TS014	1.Launch Browser 2.Enter url 3.Enter valid username 4.Enter invalid password 5.Click on login button	url username password	Error message should be displayed
TC005	TS014	1.Launch Browser 2.Enter url 3.click on login button	url	Error message should be displayed

TC006	TS015	1.Launch Browser 2.Enter url 3.Verify Textbox fun: 3.1.Enter username 3.2.Enter password	url username password	user entred data should be displayed
TC007	TS015	1.Launch Browser 2.Enter url 3.Verify Textbox fun: 3.1.Delete username 3.2.Delete password	url username password	user entred data should be deleted
TC008	TS016	1.Launch Browser 2.Enter url 3.Verify lables	url	username,password lables should be displayed
TC009	TS017	1.Launch Browser 2.Enter url 3.Verify Links Fun: 3.1.click on forgot password 3.2.click on New User Register Here 3.3.Click on Goto build2 3.4.Click on info@adactin.com	url	3.1.Forgot password page should be displayed 3.2.New User Registration page should be displayed 3.3.Build2 page should be displayed 3.4.Compose mail window should be displayed
TC010	TS018	1.Launch Browser 2.Enter url 3.Verify Heading	url	Heading should be displayed as "Existing user login - Build1"
TC011	TS019	1.Launch Browser 2.Enter url 3.Verify important Notes	url	Important notes should be displayed as "-----"
TC012	TS020	1.Launch Browser 2.Enter url 3.Verify Welcome Text	url	Welcome Text should be displayed as "Adactin launches The Adactin Hotel App"
TC013	TS021	1.Launch Browser 2.Enter url 3.Verify Images	url	Images should be displayed based om mock-up
TC014	TS022	1.Launch Browser 2.Enter url 3.Verify Text on Image	url	Text on Image should be displayed as "-----"
TC015	TS023	1.Launch Browser 2.Enter url 3.Verify Links on Image 3.1.Click on Google Play 3.2.Click on IOS	url	3.1.Play store should be displayed 3.2.IOS store should be displayed

TC016	TS001	1.Launch Browser 2.Enter url 3.Click on New user Register here 4.Enter username 5.Enter password 6.Enter confirm password 7.Enter fullname 8.Enter email 9.Enter Captcha 10.Click on Checkbox 11.Click on Register button	url username password confirmapasswo rd fullname email captcha	email should be received from admin team with login details
TC017	TS001	1.Launch Browser 2.Enter url 3.Click on New user Register here 4.Click on Register button	url	Error message should be displayed
TC018	TS001	1.Launch Browser 2.Enter url 3.Click on New user Register here 4.Enter existing username 5.Enter password 6.Enter confirm password 7.Enter fullname 8.Enter email 9.Enter Captcha 10.Click on Checkbox 11.Click on Register button	url username password confirmapasswo rd fullname email captcha	Error message should be displayed
TC019	TS001	1.Launch Browser 2.Enter url 3.Click on New user Register here 4.Enter username 5.Enter existing password 6.Enter confirm password 7.Enter fullname 8.Enter email 9.Enter Captcha 10.Click on Checkbox 11.Click on Register button	url username password confirmapasswo rd fullname email captcha	email should be received from admin team with login details

TC020	TS001	1.Launch Browser 2.Enter url 3.Click on New user Register here 4.Enter username 5.Enter password 6.Enter confirm password as diffirent of password 7.Enter fullname 8.Enter email 9.Enter Captcha 10.Click on Checkbox 11.Click on Register button	url username password confirmapasswo rd fullname email captcha	Error message should be displayed
TS021	TS001	1.Launch Browser 2.Enter url 3.Click on New user Register here 4.Enter username 5.Enter password 6.Enter confirm password 7.Enter fullname 8.Enter existing email 9.Enter Captcha 10.Click on Checkbox 11.Click on Register button	url username password confirmapasswo rd fullname email captcha	Error message should be displayed
TC022	TS001	1.Launch Browser 2.Enter url 3.Click on New user Register here 4.Enter username 5.Enter password 6.Enter confirm password 7.Enter fullname 8.Enter email format without . @ 9.Enter Captcha 10.Click on Checkbox 11.Click on Register button	url username password confirmapasswo rd fullname email captcha	Error message should be displayed

TC023	TS001	1.Launch Browser 2.Enter url 3.Click on New user Register here 4.Enter username 5.Enter password 6.Enter confirm password 7.Enter fullname 8.Enter email 9.Enter Captcha which is already used 10.Click on Checkbox 11.Click on Register button	url username password confirmapasswo rd fullname email captcha	Error message should be displayed
TC024	TS001	1.Launch Browser 2.Enter url 3.Click on New user Register here 4.Enter username 5.Enter password 6.Enter confirm password 7.Enter fullname 8.Enter email 9.Enter Captcha which is already used 10.Click on Register button	url username password confirmapasswo rd fullname email captcha	Error message should be displayed
TC025	TS002	1.Launch Browser 2.Enter url 3.Click on New user Register here 4.Enter username 5.Enter password 6.Enter confirm password 7.Enter fullname 8.Enter email 9.Enter Captcha 10.Click on Checkbox 11.Click on Re-Set button	url username password confirmapasswo rd fullname email captcha	user entered data should be cleared
TC026	TS022	1.Launch Browser 2.Enter url 3.Enter invalid username 4.Enter valid password 5.Click on login button	username password click login button	search hotel page should be opened

TC027	TS028	1 launch browser 2.enter urlsearch 3 enter valid username 4.enter valid password 5.login button 6.search hotel page verify the welcome text of the search hotel page	welcome text	Welcome Text should be displayed as "Adactin group of hotels"
TC028	TS029	1 launch browser 2.enter urlsearch 3 enter valid username 4.enter valid password 5.login button 6.search hotel page displayed 7.hellotext should be displayed with username	hello text	hello text should be displayed with corresponding username of user entered
TC029	TS029	1 launch browser 2.enter urlsearch 3 enter valid username 4.enter valid password 5.login button 6.search hotel page displayed 7.hello text doesn't show corresponding username	hello text	hello username is displayed
TC030	TS024	1 launch browser 2.enter urlsearch 3 enter valid username 4.enter valid password 5.login button 6.search hotel page 7.Verify the heading of the search hotel page	search hotel	search hotel should be displayed as heading of the page
TC031	TS025	1 launch browser 2.enter urlsearch 3 enter valid username 4.enter valid password 5.login button 6.search hotel page 7.Verify the data labels of the search hotel page		location,hotels,room type,number of rooms,check in date ,check out date,adults per room,children per room
